

**Changing Traffic Pattern – Castle Shannon Boulevard**

Beginning **Monday, May 2, 2022**, the existing traffic pattern on Castle Shannon Boulevard between Willow Avenue and Poplar Avenue will be changed to accommodate the Downtown Streetscape revitalization project. Castle Shannon Boulevard traveling eastbound toward Library Road will be one lane between the hours of 9:00 am and 3:00 pm daily. Motorists traveling on Castle Shannon Boulevard westbound toward Mount Lebanon will be detoured right on Poplar Avenue, left onto Pine Avenue, left onto Myrtle Avenue, and left onto Park Avenue between the hours of 9:00 am to 3:00 pm daily. Please have patience while traveling in this area and closely follow the necessary detour to ensure the safety of those living in the area and the construction crew on site.
