

Subject: Upcoming Construction Activity and Driveway Restrictions Willow Ave CLOSURE at Baldwin St/Canal St.

Dear Homeowner,

We hope this letter finds you well.

We wanted to inform you about an upcoming construction project that may impact driveway access within your community.

Beginning on May 17, 2024, your community will undergo transit track & crossing replacement located near the intersection of Willow Ave., and Canal St., which is expected to last **approximately 25 days.**

During certain phases of construction, driveways that are close to the work area (where the transit track crosses Willow Ave.) may be temporarily inaccessible. Such restricted access may be necessary to ensure the safety of residents and construction workers.

Homeowners affected by the temporary closure of their driveways are encouraged to make alternate parking arrangements during this period.

We understand that these restrictions may cause inconvenience, and we sincerely apologize for any disruption to your daily routine. However, the safety and completion of the construction project in a timely manner are our top priorities.

If you have any questions or concerns regarding the upcoming construction activity or driveway restrictions, please do not hesitate to contact us at info@deltarr.com.

Thank you for your cooperation and understanding during this time.

Sincerely, Delta Railroad Services
